Advanced Disposal has informed town officials of a change in scheduling for recycling collection that will take effect the week of **December 31st**. This change will only impact recycling customers inside town limits and only shifts the week of bi-weekly pickups.

“Advanced Disposal will continue with bi-weekly pickups, but notified us that they need to shift our pickup week,” said Ted Luckadoo, Town Manager. “From what we were provided this will help them ensure route efficiency throughout the region.”

Recycling will be picked up the week of December 24th and then again, the week of December 31st. Afterwards, recycling will continue bi-weekly, or every other week.

No trash or recycling pickups will occur on either Christmas Day or New Year’s Day. Service will be delayed by one day.
